

Chord Progressions Made Easy

Below is the C Major scale along with the chords that are built on each note.

One typical chord progression is the I—vi—IV—V (1-6-4-5). In the key of C this becomes C—Am—F—G.

Below is the G Major scale along with the chords that are built on each note.

That same chord progression I—vi—IV—V in the key of G becomes G—Em—C—D.
